3. NPIC was requested to prepare both a chart and a narrative with regard to comparative resolution capabilities of KH-4 and KH-7 and for inclusion in the memorandum. [redacted] was requested to prepare the results of a recent study which NRO had made and which would be attached as a tab to the final paper.

4. The Chairman requested [redacted] to make certain corrections to the paper in addition to the amendments already made by the Committee. It was agreed that the Committee would meet in special session at 3 pm on 21 October, at which time the Chairman would have a clean draft available. The object would be to try to complete this paper at that meeting in an effort to meet the 21 October deadline set by DIA. In addition, it was agreed to conduct the necessary business now scheduled for the regular meeting on 22 October, thereby making that meeting unnecessary.
